

# Save Social Security: Privatize It

On Tuesday, June 18, 1996, the man who privatized Chile's Social Security system spoke for Cascade Policy Institute in Portland.

Formerly Chile's minister of labor, José Piñera is now president of the International Center for Pension Reform and co-chairman of the Cato Institute's Project on Social Security Privatization.

He and the Cato Project director, Michael Tanner, explained why Social Security is fatally flawed, and how America can transition to a fully-funded, privatized system.

Video tapes of the event can be ordered from [Cascade](#) for \$20 (S&H included).
